

WORSHIP CIRCLE

loved and not alone

Entering our 10th year of ministry

WORSHIP CIRCLE IS...

Worship Circle is a growing community of worship leaders who are discovering the power of leading from a place of being fully alive in our identity, truly known by others, and sharpened in the skills necessary to lead well. For the past 10 years, known worship artists from around the United States have been shepherding the hearts and souls of worship leaders around the world through bi-monthly online small groups, annual online SUMMIT's, and an annual in-person REST Retreat. These leaders, who have been entrusted with a platform, are doing the behind the scenes work of showing up to go on a personal journey of truly experiencing God's love and transformational presence. As a result, millions of people in congregations around the world are being impacted, all hearing the message that they are **loved and not alone.**

HOW IT WORKS...

By partnering with “known” leaders in the church space, Worship Circle’s proven small group model gives leaders everywhere an opportunity to be mentored by someone they look up to.

PROBLEM

Churches often put talented people onstage before allowing them to grow in the security of their belovedness first.

SOLUTION

WC creates space for leaders to grow in secure attachment to God and others thereby drawing those they lead in their lifetime into the awareness of God’s love and presence.

KEY DISTINCTION

High profile leadership team; safe, soul-care virtual environments; in person rest retreats and experiences.

VISION

That every church leader everywhere would know that they are loved and not alone.

MISSION

To connect church leaders into authentic community, alive in their identity, fully known by others, and sharpened in their skills.

VALUES

Servanthood, Humility, Authenticity, Preparedness, Excellence, Shepherding.

“ There is a growing crisis for church leaders in America. Now is the time for the Christian community to come alongside their pastors to support them so that they can lead in healthy ways. More than ever the church needs resilient leaders who are committed to being healthy as an essential aspect of effective leadership. - David Kinniman (*Barna Group*)
